

## Roseville WR To Play Local Nine Here On Sunday

Folsom Defeats Truckee  
13 to 5 Last Sunday  
Without Trouble

Before the largest crowd of fans ever to gather at Truckee's new ball park for a baseball game, the Truckee Mountaineers suffered another setback in their fight for prominence in the Placer-Nevada League Sunday when Folsom won 13 to 5.

In a good, hard fought game, the Truckee boys were behind from the first inning and never seriously threatened the lead held by the visitors.

Karl Kielhofer started on the mound for Truckee and was relieved in the fourth inning by Bill Black. At that time the score was 5 to 0, Karl allowing 7 hits. Black started off by fanning the first two batters up but before the game ended was hit ten times for a total of 8 runs. Four Truckee errors were costly.

Henry Stork pitched for Folsom and did a good job. First baseman Vance led the two teams in hitting, collecting 4 for 5 times up. For Truckee, Martin nipped three hits for five tries but it was Willie Curran who blasted out the first home run and later came across with a triple, getting 2 for 4. Bill Connors played faultlessly at first with 15 putouts. Stork and Whiz hit homers for Folsom.

Sunday the local team meets the Roseville Wolf and Royer team, a league leader which has lost two of its ten games. The contest promises to be interesting and a large crowd is expected.

## Stice Named To Head Chamber Commerce Here

Directors Seek Finishing  
Of Highway 89  
From North

Earl Stice, Truckee agent for the Southern Pacific Company, Monday was elected president of the chamber of commerce, succeeding William Porter. C. R. Heller was chosen as vice president.

The office of secretary-manager was not decided upon following the action of C. Edmunds and Mrs. George Kamp in declining the offices which they now hold. The chamber is seeking the services of a secretary-manager. Jack Wolert, R. N. Little and Heller were named on a membership committee.

The group, meeting at Sarge's, passed a resolution calling upon the board of supervisors and the division of highways to consider early action in completing Highway 89 from a point north of Hobart Mills to Truckee. This section of highway from the Nevada County line to Hobart Mills has never been completed and the chamber hopes that action can be taken soon as the lateral is widely used.

The next meeting of the chamber will be at Goodfellow's Coffee Shop Monday at noon and everyone interested is invited to be present for the luncheon session.

## TAHOE PASSES ANNUAL PEAK AS GATES OPEN

RENO—Walter Bell, Truckee River water master, reveals that Lake Tahoe has apparently passed the highest level of the year. Gates from the lake into Truckee River were opened June 14 in order to maintain a flow of 500 cubic second feet down the river. Bell said the lake had been dropping about 50 second feet daily for nearly a week and that its natural flow was no longer sufficient to meet demands. The level of the lake Monday was 6225.54 feet or 2.54 feet above its natural rim. This is the lowest yearly peak for the lake in more than a decade.

Bell said that Boca Reservoir, Donner Lake and Independence Lake are all at capacity, carrying 41,000, 9,000 and 17,000 acre feet respectively.

Only you can prevent a forest fire. Remember this when you have an inclination to toss a burning cigarette from a car door or drop a match out fishing or hiking in the woods. The grass and brush is getting dangerously dry and forest officials are urging that extreme caution be used. Most forest fires are man caused and due entirely to carelessness.

"Be alive on July 5th" is the advice given motorists by local highway patrol officials in issuing the following safety tips: If you drink, don't drive. Plan your vacation carefully and avoid fatigue. Drive right and keep to the right. Keep within safe speed limits. Be sure your car is in good mechanical condition. Follow these rules and add courtesy and your chances are excellent. Violations may result in disaster. Make every weekend a safe driving weekend.

## Search Continues For Slayer After Tahoe Man Killed

Oakland Suspect Cleared  
As Reno Deputy  
Takes Over

### BULLETIN

Police today intensified the search for the murderer of Walter Hemple Sr., Brockway realtor, after Oakland police virtually eliminated Fred Ludgate, ex-convict, as a suspect in the case. A coroner's jury returned an open verdict that the victim came to his death as a result of a gun shot wound in the head inflicted by a person or persons unknown. Deputy Sheriff William Driscoll of Reno has taken charge of the case and officers are exerting every effort to find clues, with little to work on.

Oakland police are holding a 32-year-old ex-convict for questioning in connection with the murder of Walter Hemple, 72, widely known Lake Tahoe and Pasadena realtor. The suspect has been identified as Fred Ludgate of Santa Rosa who, police said, has served time in penitentiaries in Massachusetts and Wyoming.

He was picked up after walking into a cafe and asking a waitress who he was. She called police and the suspect collapsed after telling them he was suffering from amnesia. Later he said he had been "wandering around Oakland since Saturday night in a mental fog."

It took police from Saturday morning when Hemple's body was found in his car, parked half a mile off the highway near Kings Beach, until Sunday when an autopsy was performed to find that the hole through his head was a gun shot wound and that he had been strangled with his necktie.

### Money Missing

The realtor's wallet, known to have contained quite a sum of cash and other valuables had been taken, leading to the belief that robbery was the motive.

Friday evening Hemple went to the opening of Cal Neva Lodge. He sat alone at a table and was later joined by a man who was not known in the vicinity. He told acquaintances that he had an opportunity to sell a lot and was taking the prospect out that night to see it.

The two men left the resort together and neither returned.

When found, Hemple's body was slumped against the floor of his car with his head resting on the passenger side of the seat. A .22 calibre shell was found in the blood spattered car.

### Conflicting Reports

First reports were conflicting, with three stories having prominence. The first was that the victim had taken his own life, then came the report of death from natural causes. The murder story, although accepted as a possibility, was denied until Sunday, more than a day after the slaying.

For many years Hemple had been prominent at North Tahoe. He was credited with developing much of the area through real estate promotion and sales, being a pioneer in the business there. He maintained a home at Pasadena and retired recently only to return this season to again engage in his chosen work.

Hemple is survived by his widow, Regina, and two sons, John and Walter Jr., all of southern California.

Frank Riggs, near whose home the shooting occurred, was the first to find the body approximately 12 hours after the crime. He immediately notified authorities.

A buffet supper was given following the ceremony in the home of Mr. and Mrs. Besio. Mrs. Bowers and daughter, Kristina, were also out-of-town guests.

## Tragedy Is Averted As Boat Sinks Off Lousy Point

TAHOE CITY— Serious consequences were miraculously averted on June 14 when the speedboat of W. Randolph of Marysville, carrying four passengers, sank off Lousy Point near the Dollar Estate on Lake Tahoe's northeast shore in 800 feet of water.

The accident occurred around six p.m. and the cries of the passengers attracted the attention of Mrs. Claire Saroni, whose summer home is on the lakeshore in the Sunnyside district. Mrs. Saroni summoned her neighbor, Lewis Marsten, who, with Charles Ackerman of San Francisco, a guest at the Saroni home, went to the rescue in Marsten's speed boat. Randolph and his three passengers, the Misses N. L. and E. Fisher of Carroll, Iowa, and Alleen Wilkening of Elgin, Ill., were rescued after about 20 minutes of clinging to the seat life preservers, which had thrashed life preservers and none was believed injured beyond a good soaking.

## New Tahoe Chamber President Active In Civic Life of Region

TAHOE CITY— Charles B. Cross, who this week assumed the reins as second president of the Lake Tahoe Chamber of Commerce, during his 12 years residence at Tahoe City has been continuously active in the affairs of the Truckee-Tahoe community. He is past president of the Truckee Rotary Club and at present a member of the Tahoe City fire commission. He left his business long enough during the war to serve as a field artillery major and saw duty in the Pacific and European theaters.

The Cross family resides in an attractive home on Fairway Drive above the Tahoe City golf links where Sally Cross and Charles Jr. are frequent visitors from University of Nevada.

Cross hopes, with the aid of Secretary-Manager Fred Perley and members of the organization, to make the Lake Tahoe Chamber an efficient medium for advertising the business, residential and recreational advantages of the Lake Tahoe area. Wide distribution will be given information pamphlets to be off the press around July 1, containing names, addresses, rates and accommodations of all member resorts.

Public information booths are under construction at the three Tahoe wyes—Tahoe City, Spooner Summit and Tahoe Valley. Attendants will be on hand during the summer to direct tourists and aid vacationists in finding the type of resort suited to their needs.

## Dollar, Meek to Carry Tahoe Club Colors At International Races

R. Stanley Dollar Jr., who built, owns and races Skip-A-Long of California, and his long-time friend and co-pilot, Oliver W. Meek, and their wives flew to Detroit Wednesday, June 22, for the speedboat racing season which this year includes, for the first time in 16 years, the famous International Harmsworth Trophy race.

In the Gold Cup race on July 2, Dollar, commodore of the Tahoe Yacht Club, will fly his club's colors. Dollar has been racing speedboats on Lake Tahoe for years and has won the Tahoe championship ten times.

A week ago Governor Earl Warren gave Skip-A-Long of California an official send-off in front of the State Capital at Sacramento.

Immediately after the ceremonies the speedboat on her truck and trailer headed down the highway toward the east. The two drivers, Paul Corbridge and Andy Aarneson, made the trip in easy stages and arrived in Detroit Tuesday.

Do you know about "cold pack" canning of fruits and vegetables? It is easy to do the simplified electric way. And you will be surprised and pleased with the money you can save on foods you preserve yourself.

Here is how it is done with the hard work made easy by the modern electric range. You wash the fruit or vegetables. Then place them in the jars on a broiler pan. You put the jars and pan in the oven of the electric range cold and process in the jars. The electric range oven with its automatic temperature control simplifies other canning methods because it eliminates pre-heating of the jars and the tiresome watching and stirring while preserving.

The modern electric range with heat that is measured with the accuracy of electricity can simplify all of your cooking. Come in and learn the facts about electric cookery. You can afford to cook this clean, accurate, time and money-saving electric way. Prices as low as \$95 plus easy terms.

### Outing Order of Week, School Closing Nears

TAHOE CITY—Children of the first and second grades of Tahoe Lake School, accompanied by their teacher, Mrs. Dorothy Johanson, enjoyed a picnic and games June 13 above the southern end of Fairway Drive. Nature

study added to the entertainment.

The next morning children of the lower grades were invited to the Tahoe City ski hill to watch the filming by Warner Brothers of their forthcoming movie, Beyond the Forest, starring Bette Davis and Joseph Cotton.

Children of the 7th and 8th grades, accompanied by their

principal, Mrs. Myrtle Gallinger, and Mrs. A. E. Sanford, motored to point beyond Meeks Bay where they held their annual picnic. The youngsters brought their bathing suits and had a swim before the barbecued hamburgers, salads and cakes were served on the beach.

Winners of the cash awards for the best drawings during the past two months in the school paper, Tahoe Chatter, all developed with crayons, were Jimmie Goodhue, Barbara McKennon and Duane Pomin. Barbara received her award for originality, Duane for neatness and Jimmie for a combination of both.

Closing exercises will be held in Tahoe Lake School auditorium at 8 p.m. Tuesday, June 28, with the public invited. The school orchestra, under the direction of Miss Edna Lardner, will play several selections, followed by the primary's rendition of a play, Peter Rabbit. The 5th, 6th, 7th and 8th grades will sing in chorus and folk dancing will be given by the 3rd and 4th graders. A play, written by the 7th and 8th grades based on the Stanley and Livingston adventure, will be offered prior to the presentation of diplomas by Mrs. Northrup Pomin, clerk of the school board.

Work is progressing on the grounds of the school where the large field at the east end of the property has been drained and smoothed. Turf will be planted there and eventually two softball fields will be available. More playground equipment has arrived and will be set up for use by the children this summer.

#### In for Season—

In for the season are Mrs. Isabella Ray and her daughter, Mrs. Matthew Kelly, and sons who arrived at their Timberland home Saturday. Kelly will join them later.

#### Return Home—

Mr. and Mrs. M. A. Lopes of San Leandro have returned home following a vacation at their home in Timberland.

### Petitions Are Circulated For Sewage Project

TAHOE CITY—C. W. Vernon, president of the Tahoe City utility district, Monday revealed the petitions to be circulated asking the district directors to start proceedings for a community sewage system, arrived from the district's attorney, T. L. Chamberlain of Auburn. The petitions are being placed at Anderson's Village Store, Carl Bechdolt's Jr. service station and Atherton's for local signatures.

When the petitions have been signed, an estimate will be given by an engineer for the project and the outcome will be decided at a bond election.

### Water Safety Meeting Is Scheduled Soon

TAHOE CITY—Dave Chambers of Chambers' Lodge reports a meeting will be held soon with Charles J. Lyon of Cave Rock, commander of the Coast Guard at the lake, and other officials and boat owners in an attempt to prevent reckless operation of speedboats on Lake Tahoe this summer.

Bert Scott, expert boatman of Lake Tahoe, recently found a large raft floating near Lousy Point which had broken from its moorings. It could have caused a tragic accident if struck by a speeding boat, so care is urged boat drivers.

Weekending at their Timberland tract home were Judge and Mrs. C. C. McDonald, Woodland.

### Bishop Porter Arrives To Officiate at Lake

TAHOE CITY—Bishop and Mrs. Noel Porter of Sacramento have arrived at their home near Tahoe Tavern for the season. The bishop will conduct regular Sunday services at the Outdoor Chapel at 11 a.m. throughout the 12-weeks season. His sermon for next Sunday will be "Sea of Glass, Mingled with Fire".

Repairs have been completed on the 16 pews which were broken down with the heavy snows last winter at the chapel and all is in readiness for the Sunday service.

### Tahoe Gates are Opened First Time Since April

TAHOE CITY—The level of Lake Tahoe stood on Monday morning at 6225.54 feet with the gates open again. On June 14, W. A. Simmonds was ordered to reopen the gates into the Truckee River and on Monday 250 CSF were leaving the dam here. The gates have been closed continuously since April 6.

Only a trace of precipitation was left by scattered showers over the weekend. Coldest day of the week before was on the 19th with 34 degrees and warmest was the 15th with 80.

Mrs. Bill Bechdolt still remains confined to her bed at the Tahoe home of the William Connors and it appears she will continue to get a good rest for some time as doctor's orders are that she remain in bed.

### Chamber Info Booth On State Ground

TAHOE CITY—The Lake Tahoe Chamber of Commerce has received permission from the state to use a portion of public land at the Tahoe City wye for an information booth to aid travelers at Tahoe in locating accommodations around the lake.

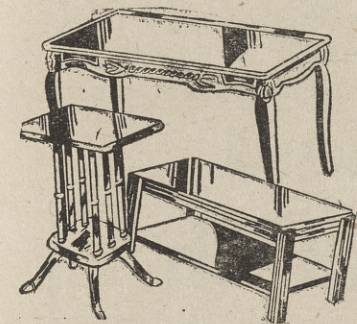

Lumber for the three buildings to serve as information booths

at the Tahoe wyes at Spooner's Summit, Tahoe Valley and Tahoe City, is being donated by Tahoe area lumber companies.

#### Family At Tahoe—

Dr. Lloyd Heaney and his family arrived last weekend to vacation for the summer at their Tahoe City home. Dr. Heaney, a San Francisco dentist, is erecting a family home on Fairway Drive.

## Tahoe Letter

FROM SWANE

Dear Tahoeites:

Tahoe Park residents are looking forward to the opening of the attractive new Tahoe Park Store, planned and built by the Boyce Construction Company for Mr. and Mrs. Ralph Sturgis. The new edifice has an all-steel frame with redwood finish outside and redwood columns within, slanting windows in front and at the side. Arizona flagstone windowboxes will be planted with colorful flowers across the front and parking space for 50 cars will

be available. The store will be fitted with the most modern fixtures and equipment and will be open all day, every day, Sundays included. The store will have 1500 square feet of space with another 300 for storage. The new market replaces one destroyed by fire last Thanksgiving. It was erected in record time of 24 days and is a real credit to the fast growing Tahoe Park community.

The new emporium will offer a meat market, groceries, hardware, sportsmen's supplies, sundries, cosmetics and notions. In addition the owners will operate their gasoline pumps near the highway and a public telephone has been installed for the convenience of residents and vacationists.

Our former Timberland neighbors, the J. G. Baldocchi, left this week for an extended trip

to Italy. Their son, Nello, will remain at Antioch to run the business.

Her many friends in Truckee and Tahoe will be relieved to learn that Mrs. Bliss Hinkle is recuperating satisfactorily in the UC Hospital at San Francisco. Her husband reports she is regaining weight, is able to take walks in the corridors, eats well and looks fine.

Down at the Henry Solls in Tahoe Vista daughter Alice and her son Sigurd from far away Iceland have arrived to spend the summer and will be joined by Alice's husband before returning to Iceland.

C. W. Vernon of the Tahoe City Public Utility District reports public rest rooms are being built on Tahoe Commons. Martin Spitson and his men are erecting the buildings of pumice blocks and work should be completed early in July. A large crowd of bathers and picnickers invade the commons each weekend and the sandy beach is especially desirable for small children. Running water for drinking and more picnic tables will be installed as the budget permits, I am told.

Fishing continues good at the lake, according to Waldo Gross, but by and large the natives are too busy to be doing too much angling for the wily trout these days.

Good luck, good health and good cheer, as ever, Swane.

## My Place In the Sun

by DOUG BARRETT

Gene and Ione Iardi's youngest son, Ronald, has the liveliest blue eyes I've seen in awhile. See by the county seat paper where Judge and Mrs. Dick Little were guests at Judge and Mrs. Jim Snell's bar association barbecue at Town Talk recently. Bill Porter is thinking of swapping his ten-gallon fedora for a coon-skin cap. Johnny Rau will be acting manager of the Truckee Mountaineers for the next three games. While Larry Baxter is out of town. Looked over and then overlooked the new coat of fire-engine red that Red Jolly used to spruce up the front of Hellers' Variety. Dave Rose cutting up a couple dozen T-bone steaks for the hay hands at the Torri ranch in Sierra Valley, breakfast meat. The Yuba City band serenading Jeanne Pace in front of the Merc on Saturday. With the rest of us citizens privileged to listen in. Betty Gaiennie over from Lovelock, walking down the block with the Tom Bornemans. The extra help at Tonini's include Ray Burgess from Independence Lake and Alice McGee. Ernie Nordstrom of Donner Summit making painful progress with the aid of a crutch. After a bad tumble out at Squaw Valley. The Flying Eagle Patrol of Truckee's Boy Scout troop, headed by Scoutmaster Bill Botel, participated in the recent council camporee at Banner Mountain, near Nevada City.

## Former Truckee People Are Feted at Tahoe

TAHOE CITY—Mr. and Mrs. Theodore Schlueter on Sunday hosted a picnic at their Tahoe Park resort, followed by a buffet supper in the evening, for Mr. and Mrs. Lloyd Greene and daughter Regina of Sebastopol. The Greenes formerly operated the variety store in Truckee.

Other guests were Mrs. E. C. Bavier and Mr. and Mrs. V. L. Deaton of Truckee, Alice Brown, Gladys Friday and Zella Mortimer, all of Tahoe. In the evening Deaton showed movies.

On Tuesday evening all attended the Eastern Star meeting at Truckee.

## Tarzan

by EDGAR RICE BURROUGHS

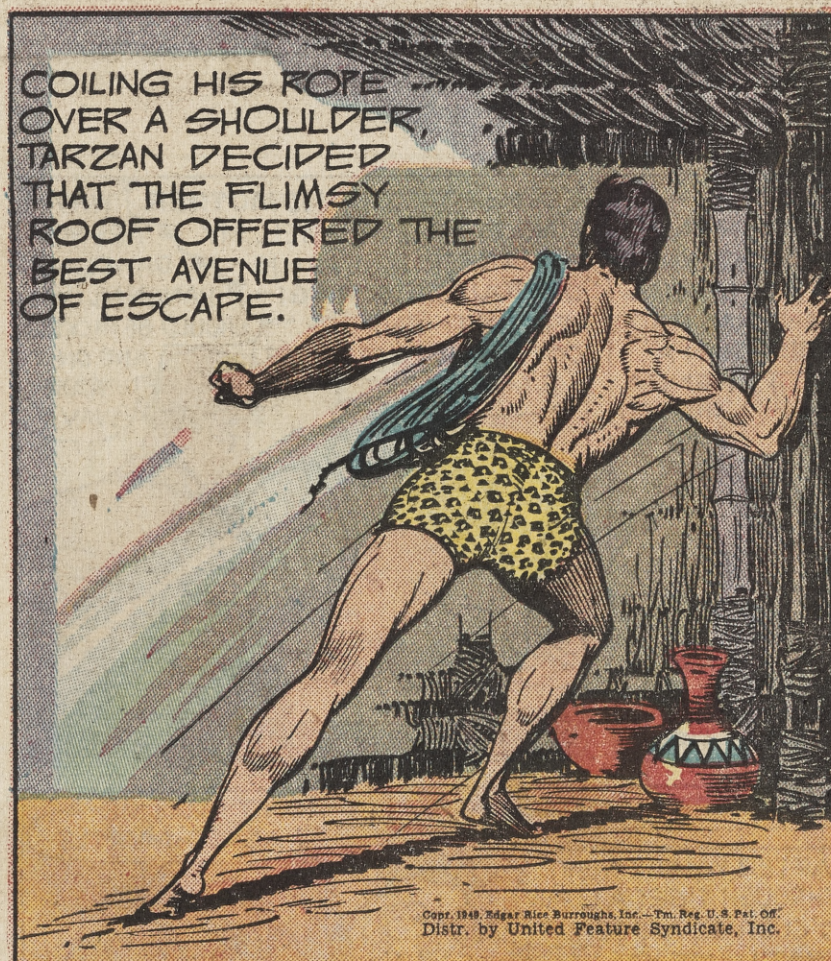

THE SPEAR-BLADE WAS DULL, BUT TARZAN PERSISTED, AND PRESENTLY HE FELT THE ROPE GIVE.

"GORO THE MOON LOOKS DOWN UPON US," THE TREE-MAN GROWLED.

"IT IS TIME TO BEGIN THE DUM-DUM. GO, ZU-BYAT, AND FETCH THE TARMANGAN!"

COILING HIS ROPE OVER A SHOULDER, TARZAN DECIDED THAT THE FLIMSY ROOF OFFERED THE BEST AVENUE OF ESCAPE.

AS HE BEGAN TO CLIMB, THE TREE-MEN CAME INTO THE HUT AND PAUSED IN SURPRISE.

WITH A SAVAGE YELL OF WARNING, THEY SPRANG ACROSS THE TREE AFTER THE APE-MAN.

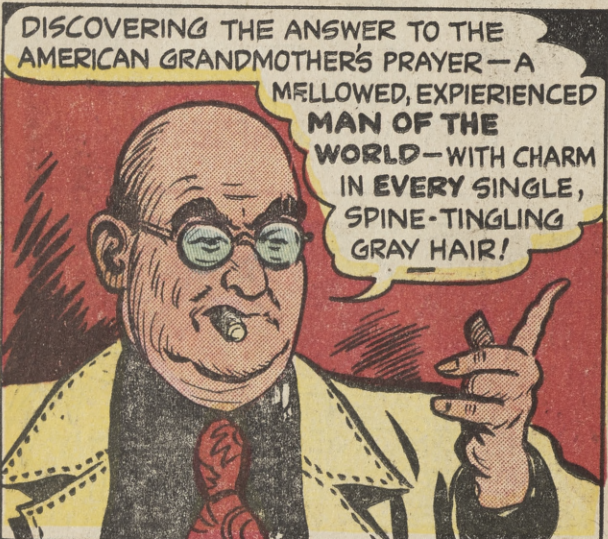

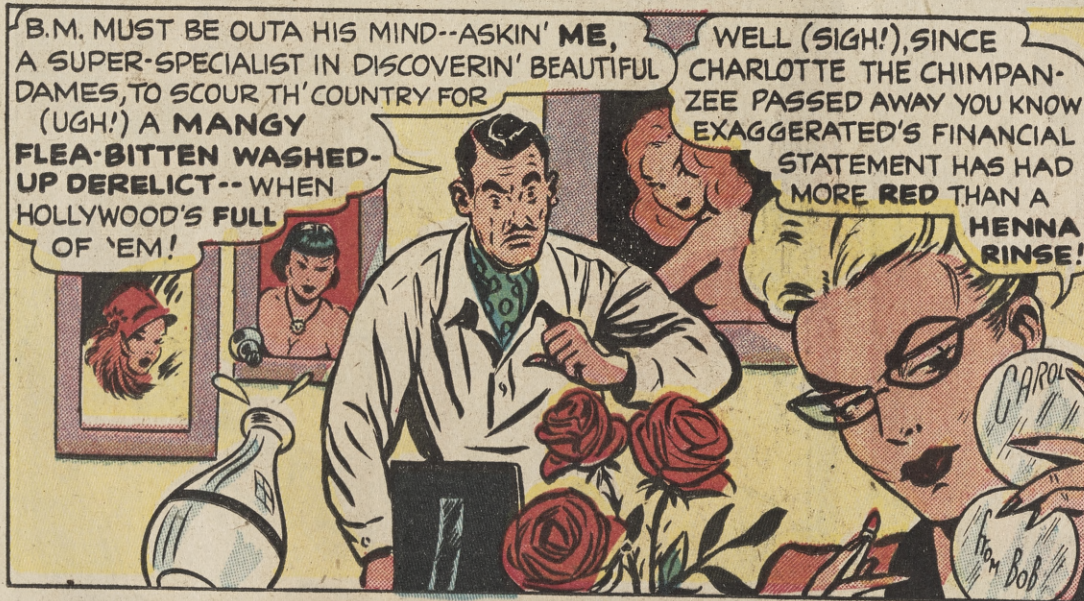

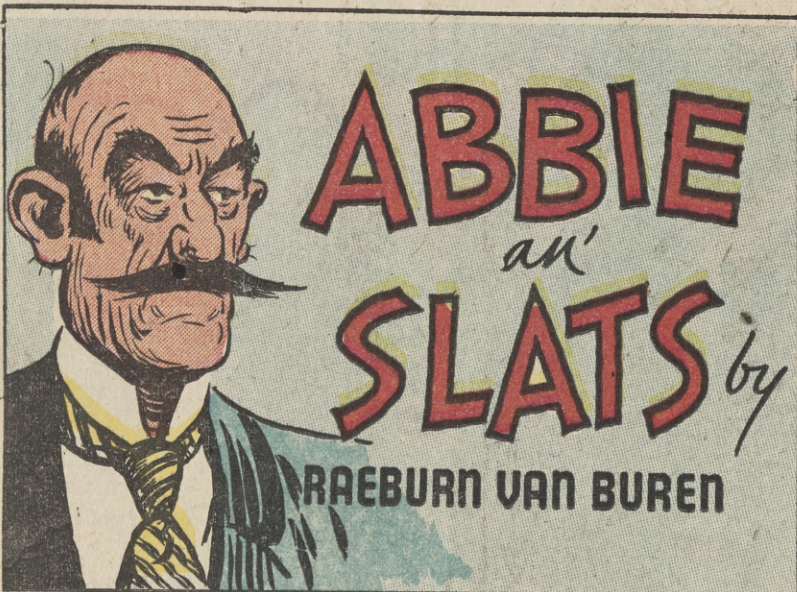

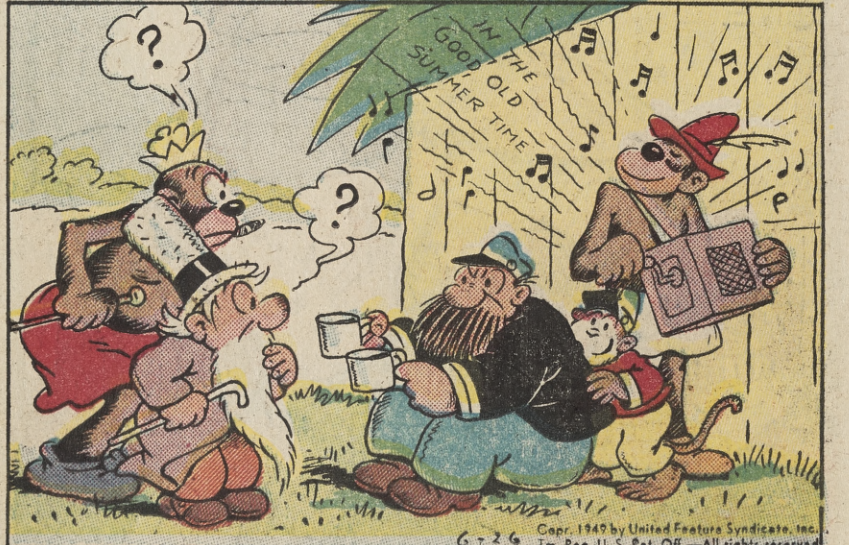

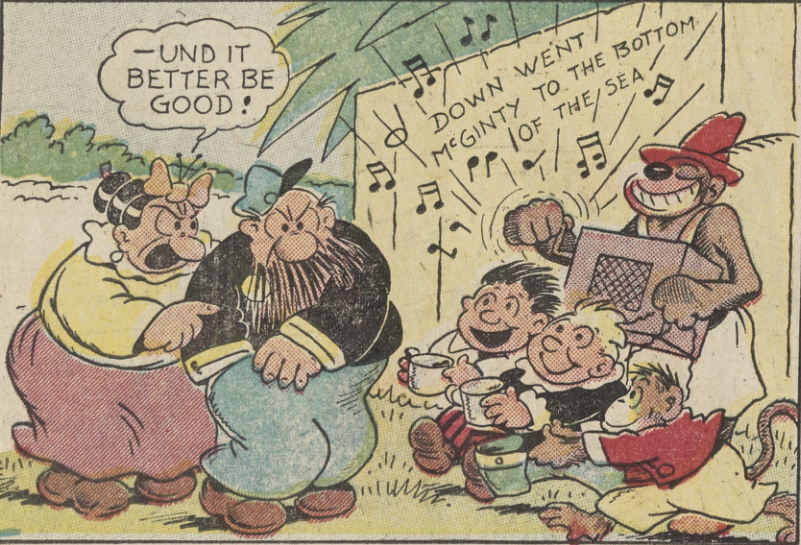

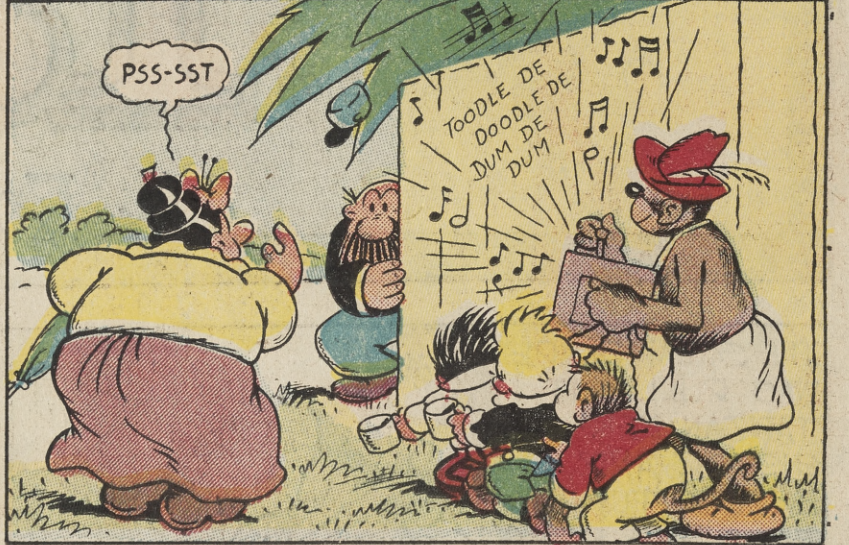

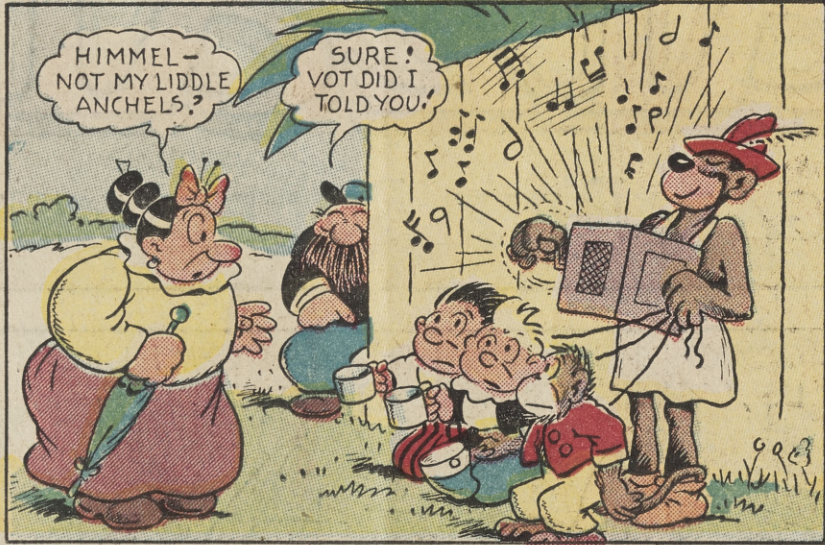

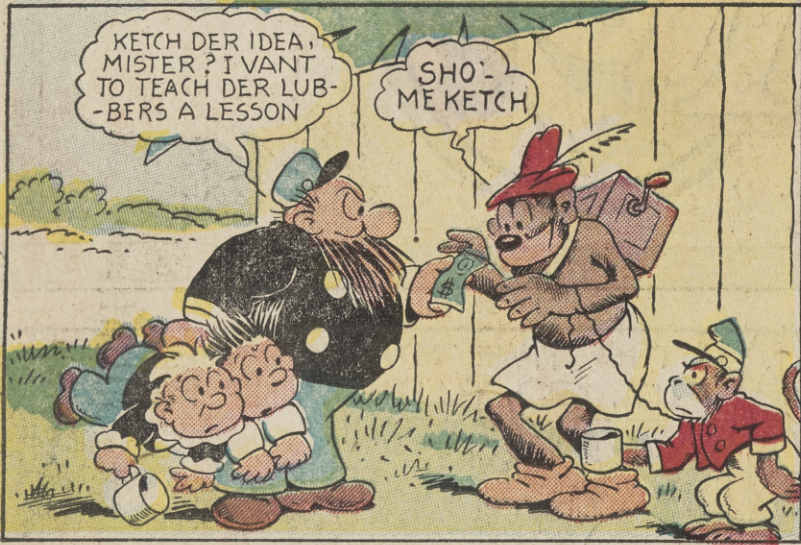

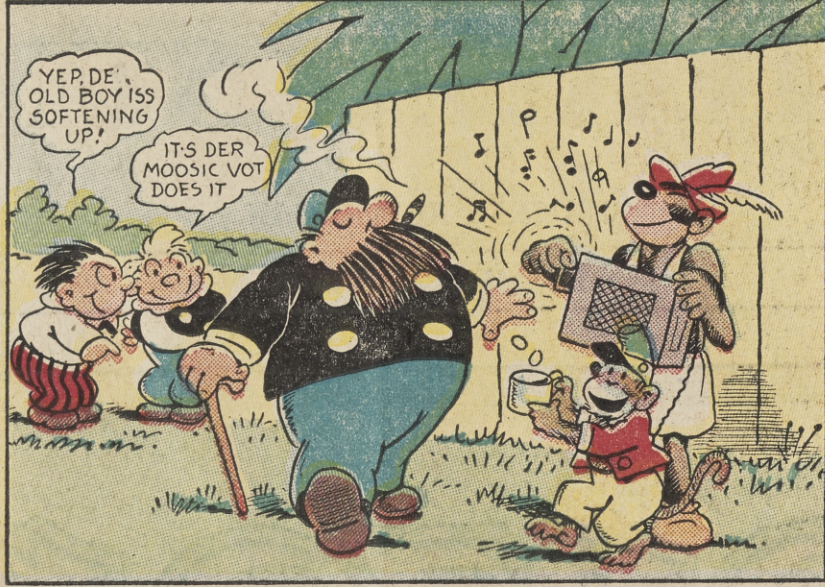

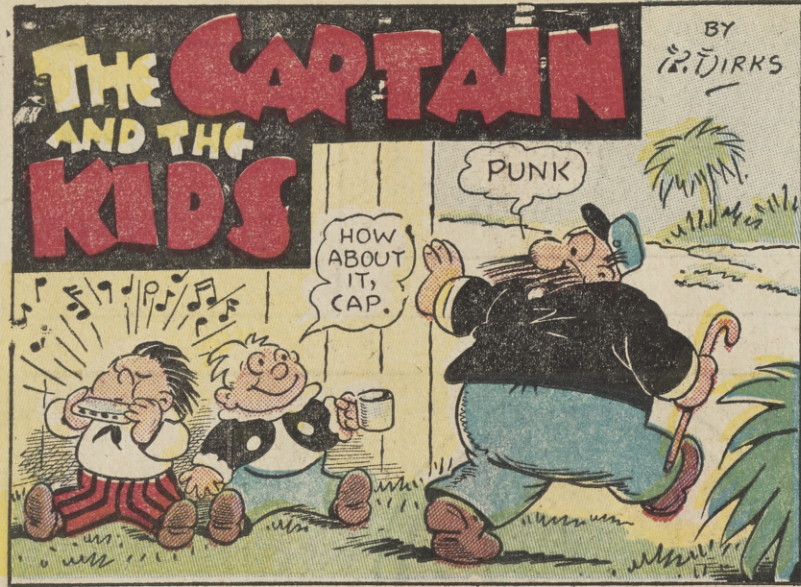

AS ONE OF THE BRUTES REACHED OUT TO GRASP HIM, TARZAN KICKED HIM FULL IN THE FACE.

A MOMENT LATER, HE BROKE THROUGH THE ROOF TO FIND A SCORE OR MORE OF THE TREE-MEN BEARING DOWN ON HIM.
